URL: <https://leetcode.com/problems/remove-duplicates-from-sorted-list/>

Given the `head` of a sorted linked list, *delete all duplicates such that each element appears only once*. Return the linked list **sorted** as well.

- The number of nodes in the list is in the range `[0, 300]`.
- `-100 <= Node.val <= 100`
- The list is guaranteed to be **sorted** in ascending order.
